This educational program is provided by Kaiser Permanente Distance Learning Program in partnership with the California Association for Nurse Practitioners. This program meets the continuing education requirement of the Board of Registered Nursing for furnishing Schedule II Controlled Substances.

*Learning Objectives:*

Upon completion of this videoconference program, each participant will be able to:

1. Analyze state laws and federal regulations pertaining to furnishing, dispensing, and administering controlled substances Schedule II-V.
2. Identify components necessary for proper techniques of prescription writing for Schedule II-V medications consistent with current pharmacy laws.
3. Outline the required components of a furnishing standardized procedure or protocol for schedule II-III controlled substance medications in a patient-specific protocol in accord with the Business and Profession Code, Section 2836.1.
4. Describe legal and ethical ramifications of prescribing controlled substances.
5. Discuss the prevalence of pain and the implications of unrelieved pain on the individual's quality of life.
6. Identify the barriers to appropriate pain management and implement opportunities to overcome these barriers.
7. List key components of an initial and ongoing pain assessment and the determination of etiology to serve as a guide to analgesic therapy selection.
